

SPACEVIEW AZUR XXL 3/5-13G TRUE COLOR

REF. 088696

Essential for safety, the SPACEVIEW AZUR XXL TRUE COLOR welding helmet protects the welder's face and eyes from UV rays, infrared rays and spatter. Fully automatic, the helmet switches from clear to tinted in a fraction of a second as soon as it is activated. Supplied with a very comfortable headband, it leaves the welder's hands free and offers all the comfort needed for welding work.

CHARACTERISTICS

- **4 possible settings:**
 - Shade 5-9 / 9-13
 - Sensitivity and delay
 - Grinding mode
- **9 shades available**, suitable for all welding operations. It offers the possibility of TIG welding from 2 A.
- **High sensitivity** thanks to 4 sensors
- **Excellent classification:** optical class 1/1/1/1 (EN379) for good image fidelity
- **Light shade 3:** excellent visibility in clear state for welding preparation
- **Optimal visibility:** XXL screen
- Very fast darkening speed: 0.08 ms
- **Optional adaptable** magnifying glass
- **TRUE COLOUR technology:** more realistic and detailed colour reproduction than conventional filters
